

## PRESENTATION FOR RICHARD BECKERLEG

I am an A panel retriever judge and have judged a vast number of trials. I have had dogs for over 40 years. My first dog was an English Springer Spaniel and I have had lots of different breeds since. My first retriever was a flat coated retriever and I still have descendants in my kennels. I have Labradors, Golden retrievers, flat coated retrievers, working cocker spaniels and English springer spaniels in my kennels now.

I work as a gamekeeper and have an extensive record of running and organising trials. I also judge spaniel trials but am a non panel judge for spaniels.

I have judged in Sweden before and look forward to judging again in Sweden and wish everyone the best of luck.
